

§[02] 01 – EXAM STRUCTURE

§[02] 01.01 – DVM

DVM AILMENT

\$75 – Ex/C – DVM – 01 – Ailment

- Any time when a **new** medical issue needs to be addressed by a veterinarian
- This includes any new medical or surgical issue

Think of the DVM AILMENT as any time a patient is presenting for a complaint that a DVM will have to figure out what is causing said presenting complaint

DVM AILMENT PROGRESS

\$40 – Ex/C – DVM – 02 – Ailment Progress

- Any time a patient needs to be reevaluated by a veterinarian for a medical or surgical issue that they were previously seen for [at PAW within the past year].
- To qualify for an Ailment Progress Exam, the patient will be presenting for the *same* presenting complaint that they've already had an Ailment Exam for [at PAW within the past year].

If a patient was previously seen for a DVM AILMENT exam but is now presenting for a new issue, this will require a new DVM AILMENT exam

DVM WELLNESS

\$55 – Ex/C – DVM – 03 – Wellness

- Annual Wellness Exam with a veterinarian, which often includes vaccines.
- Also can be utilized for preventative care examination.
- Utilized for Presurgical Exam & Consult for Spay/Neuter and Dental/COHAT procedures.
- Also covers examination for 1st Bite Quarantine visit.

DVM WELLNESS PROGRESS

\$40 – Ex/C – DVM – 04 – Wellness Progress

- When a patient needs to be re-seen by a DVM for a wellness concern that has had a DVM WELLNESS [at PAW within the past year]. This often is used for CVI's
- Also utilized when a CVT WELLNESS PROGRESS upgrades to be seen by a DVM due to a medical issue and is recommended to be more thoroughly examined by a DVM.
- Also utilized for 2nd & 3rd Bite Quarantine visits.

DVM LITTER WELLNESS

\$55 – Ex/C – DVM – 05 – Well Litter

- Wellness Exam with a veterinarian for an entire litter, may include vaccines/deworming. Does not include an assessment of the bitch/queen

DVM LITTER WELLNESS PROGRESS

\$40 – Ex/C – DVM – 06 – Well Litter

- When a litter needs to be re-seen by a DVM for a wellness concern that has had a DVM LITTER WELLNESS [at PAW within the past year].

§[02] 01.02 – CVT

CVT AILMENT PROGRESS

\$0 – Ex/C – CVT – 02 – Ailment Progress

- Utilized for any staple/suture/drain removal that is handled by CVT staff
- Can be utilized for rechecking labwork on a patient (glucose, liver panel, ear cytology)

DVM on shift will still perform a brief exam of the patient but DVM involvement in case will be minimal

CVT WELLNESS PROGRESS

\$15 – Ex/C – CVT – 04 – Well Progress

- This exam type is exclusively used for vaccine boosters or re-giving vaccines for patients that have already had a DVM WELLNESS [at PAW within the past year].

CVT WELLNESS LITTER PROGRESS

\$15 – Ex/C – CVT – 06 – Well Litter Progress

- This exam type is exclusively used for vaccine boosters or giving vaccines for litters that have already had a DVM LITTER WELLNESS [at PAW within the past year].
